Experts Academy is the premier career-focused institution in the Philippines that aims to bridge the gap between the academe and the Information Technology (IT) industry.

The company started its operation in Makati City in 2011, conducting after-work classes to professionals aiming for Cisco network certifications. Experts Academy has since expanded its offerings and customer base, now providing a wide range of latest and most relevant industry-based IT training courses designed for individuals, corporate entities, and universities. Headquartered in Makati City where the main training facility is located, Experts Academy currently has training centers in Laguna and Pampanga. To date, the company is engaged in partnership with more than 20 colleges and universities, and has produced thousands of certified IT professionals at 99.95% passing rate making Experts Academy the number one producer of certified professionals in the country.
